## WELCOME TO VENTEGRA'S FORMULARY

Welcome to your new formulary! Our formulary is comprised of both brand and generic medications that has been developed by a committee of physicians and pharmacists to ensure the provision of safe, efficacious, and cost-effective drug therapy. We recommend that you review the new formulary carefully as you may be taking medications that are no longer covered or may require a new prior authorization. If necessary, please consult with your physician.

Your new formulary can be found by visiting our website at [ventegra.org](http://ventegra.org), clicking on “**Drug List & Formularies**” at the bottom, and downloading **Generic Plus Drug List (GPDL)** Formulary.

If you are currently taking prescription drugs that may require a prior authorization (as noted “PA” on the formulary). Ventegra will work with your physician to gather the information needed to complete the prior authorization review.

## WELCOME TO VENTEGRA'S PHARMACY NETWORK

Ventegra is here to help you with the transition to your new pharmacy network. It's a quick and easy process! With over 67,000 pharmacies in our nationwide network, you can choose the best pharmacy for you. It is likely your pharmacy is already included since our network includes independent and nationwide chain pharmacies (see summary list on next page).

Follow the steps below to maximize your health benefits.

### ✓ **Get the most out of your pharmacy network.**

#### **Save money by filling your prescriptions in-network.**

When you visit in-network pharmacies, whether it is an independent or a nationwide chain, we have worked with your health plan to cover certain prescriptions. This means you don't have to pay the full cost of for medications that have been prescribed to you. Please take a moment to ensure your pharmacy is in-network.

### ✓ **Locate participating in-network pharmacies using your member portal.**

Only participating-network pharmacies will appear in the Pharmacy Locator function. See below for a step-by-step guide on how to use this tool.

#### **Step 1: Find the "Pharmacy Locator" Tab**

The "Pharmacy Locator" tab is on the top blue bar. Click on this link to proceed to the next step.

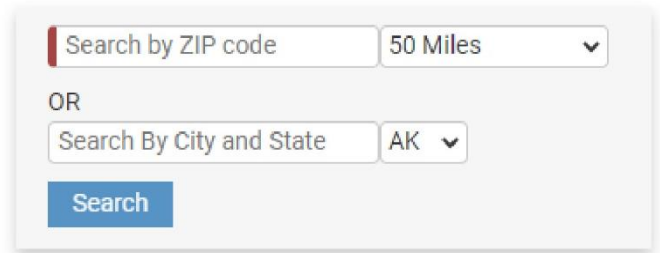

## Pharmacy Locator

## Step 2: Enter Your Search Criteria

Select your search radius by entering your zip code or city and state.

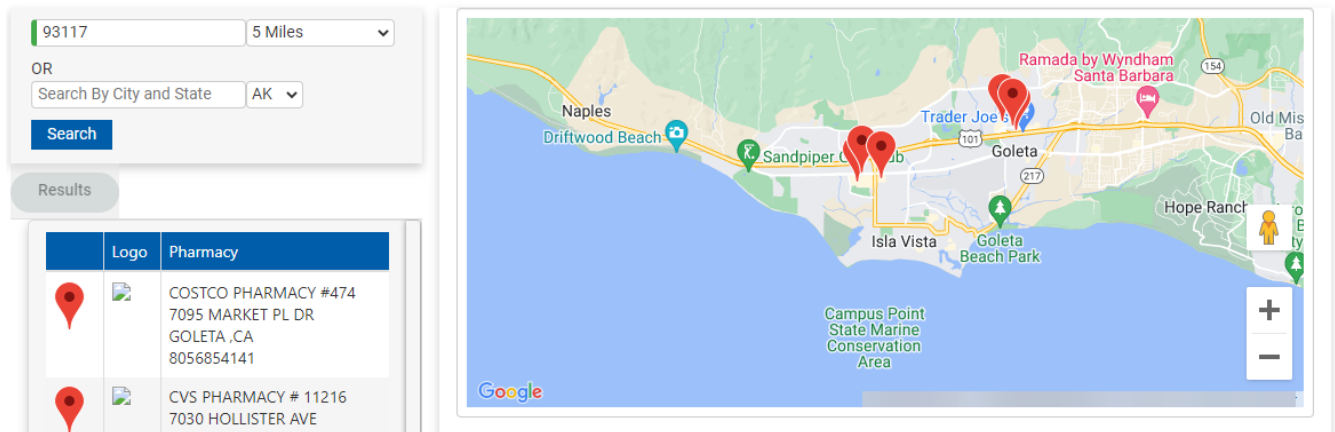

A search form with two options: 'Search by ZIP code' with a dropdown set to '50 Miles', and 'OR Search By City and State' with a dropdown set to 'AK'. A blue 'Search' button is at the bottom.

## Step 3: Search!

Click the search button. The portal will show you the in-network pharmacies in your selected region.

### Pharmacy Locator

The interface shows a search form on the left with '93117' and '5 Miles' selected. Below it is a 'Results' section with a table of two pharmacies. On the right is a map of the Goleta area with red location pins for the pharmacies.
