Important Questions	In- Network		Out- of-Network	Why This Matters:

What is the out-of-pocket limit for this plan?	Individual: \$ 8,300	Family: \$ 16,600	No Out of Network Coverage	An out-of-pocket maximum in health insurance is the maximum amount you'll pay for covered healthcare services in a plan year.
Coinsurance	20% / 80%		No Out of Network Coverage	This is the percentage of the cost for a covered service that you, the insured, pay after you have met your deductible. The plan pays the difference. Example Only: 20% is member responsibility, 80% is plan responsibility.
Plan Type	Health Savings Account (HSA) Exclusive Provider Organization (EPO)			A health insurance plan type defines the structure of how your health insurance works, including how you access care, what costs are covered, and how much you pay out-of-pocket.

This plan covers some items and services even if you haven't met your deductible. A copayment or coinsurance may apply. For example: this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a>
Are there other deductibles for specific services?	No			You do not have to meet your deductible for specific services.

Will you pay less if you use a network provider?	Yes			If you use an in-network provider, you will pay less. If you use an out-of-network provider, you will pay more.
Do you need a referral to see a specialist?	No			A referral to a specialist is a recommendation or direction from a primary care physician (PCP) or another healthcare provider to see a specialist who has expertise in a specific area of medicine.
